

23<sup>rd</sup> January 2012

Dear Parent / Guardian,

**'Exam and Revision Success' programme**

Over recent years we have increased our focus on girls who have the potential to achieve well at GCSE but are in danger of not doing so. As part of this we have put into place a range of new initiatives.

One of these begins on February 1<sup>st</sup>. It is a course called "Exam and Revision Success". This will be run by two Advanced Skills Teachers, Mr Roman and Mrs Wiggins. Girls will attend a series of five sessions, each of which will last for a single lesson (50 minutes). They will take place on the following dates:

Wednesday	1st	Feb
Wednesday	8th	Feb
Wednesday	22nd	Feb
Wednesday	29th	Feb
Wednesday	25th	April

The course has been designed to motivate the students and show them ways in which they can improve their GCSE results. Our intention has been to have the maximum impact on the students with the minimum disruption to lessons.

Your daughter has been identified as one of the girls who would benefit from this course. Please can I ask you to support us by discussing it with her and encouraging her to make the most of the sessions. It would also be of benefit if you could help us to ensure that she puts into practice the "grade boosting" strategies she will be taught.

We hope that she responds positively to the "Exam and Revision Success" programme, enjoys it and goes on to do well in her GCSE examinations.

Yours Sincerely,

Mr R Courtney  
Head of Learning, Yr 11
